# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
On September 14, 1975
- Export shipments in  
Current Marketing Year
- Daily Sales reported  
September 15- 23, 1975

-- As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of September 25, 1975 (based on reports from exporters during the week ending September 14, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 406,900 metric tons(MT). Commitments to the European Community (EC) declined by 73,100 MT, but were more than offset by a number of minor changes throughout Asia (including Japan, Taiwan, and India) and Latin America, which amounted to an increase of 280,900 MT. Commitments to unknown destinations increased by 103,400 MT.

Feedgrains: At 30.5 million MT, total corn commitments for 1974/75 were virtually unchanged from those of last week with minor changes to several destinations largely offsetting each other. For 1975/76, outstanding sales increased by 640,700 MT to a total of 10.1 million MT.

That total represents a drop of some 60 percent from the outstanding sales level of 26.3 million MT recorded for the 1974/75 marketing year at this time last year when reports of production shortfalls in several major producing countries, and the U.S. in particular, stimulated excessive forward purchasing. Sales to the EC for 1974/75 at this time last year were 11.9 million MT, almost five times the current level of reported sales of only 2.4 million MT for 1975/76. Outstanding sales to Japan were reported a year ago to be 6.3 million MT for 1974/75, compared with only 2.0 million MT reported so far for 1975/76. Conversely, outstanding sales to Eastern Europe were reported a year ago at less than 0.9 million MT for 1974/75, but now stand at 2.4 million MT for 1975/76; this reflects both larger total import requirements and reduced availability from the USSR.

Sales reported under the daily system during the period September 15-23 indicate corn purchases of 101,600 MT each by Japan and East Germany for January-March 1976 delivery, and sorghum purchases totaling 304,800 MT by India for November-December 1975 delivery.

Soybeans: The apparent export commitment for 1975/76 increased by 171,900 MT, primarily reflecting an increase in commitments to Japan, the Republic of China (Taiwan), Spain, and unknown destinations. Exports during the week totaled 239,300 MT; primarily to Japan (100,200 MT), EC destinations (67,400 MT), the Republic of China (Taiwan) (54,500 MT), and Canada (15,200 MT).

According to recent reports, the USSR may import as much as 1.5 million MT of soybeans during the current marketing year to compensate for crop shortfalls. Trade sources report that the Soviet Union recently purchased 500,000 MT of soybeans of optional origin from international shippers. An additional sales of 500,000 MT is rumored. As U.S. soybean exports to the USSR are temporarily suspended, trade attention is focused on Brazil. However, as of September 22, Brazilian exporters would neither confirm nor deny any sales to the USSR.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 increased by 32,500 MT, primarily reflecting an increase in commitments to the EC. This is the largest weekly increase since November 1974. Exports during the week totaled 98,500 MT; primarily to the Netherlands, Italy, West Germany, and Canada.

Soybean Oil/Cottonseed Oil: Soybean oil exports during the week were limited to shipments to Ecuador (1,700 MT) and Canada (400 MT). The apparent export commitment for cottonseed oil for 1975/76 increased by 12,000 MT, reflecting increased commitments to Egypt. The only cottonseed oil exports during the week were to Egypt (4,000 MT) and Japan (1,300 MT).
